

Pictograms - Labels

In order to simplify the international communication, pictograms are used on the FreiLacke-labels. You find a short explanation of the pictograms following.

Powder Coating	Industrial Coating, Electro-deposition Coating, Composites
 <p>standard object temperature</p>	 <p>Industrial Coating standard object temperature</p>
 <p>outdoor use</p>	 <p>Industrial Coating and Composites mixing ratio (MR) parts per weight</p>
 <p>indoor use</p>	 <p>Industrial Coating and Composites stir up before use</p>
 <p>indoor use, limited outdoor use</p>	 <p>Composites additive</p>
 <p>cool and dry storage</p>	 <p>Industrial Coating, Electrodeposition Coating, Composites cool and dry storage</p>
 <p>Acryl - Powder Coating cool and dry storage</p>	 <p>System Coating</p>
 <p>System Coating</p>
